Board of Trustees update

The gazebo floor is finished, we have put lava rock around the perimeter, flowers will be planted the first week of November.

We are waiting for a new shipment of bushes to arrive at Home Depot. We are hoping the shipment will include the same size bushes to fill in the gaps in front of the club house.

The interior of the office will be painted next week. The walls have been prepped.

Staff will be rowing out to the fountain at the back pond to collect some of the algae, we are not able to turn the fountain on at this time due to the algae clogging the motor.

Mike & Becky Ernest split the cost of planting a palm tree at the walkway to the pool. We lost the original palm a few months ago. This was a transplant from their yard.

Thank you,

Sheree Morris
District Manager
